

# Sohom Ghosh

SENIOR DATA SCIENTIST (EXPERIENCE: 7.5+ YEARS) · M.TECH (BITS, PILANI) · PHD (PURSUING PART-TIME, JADAVPUR UNIVERSITY)

☎ (+91) 8001734384 | ✉ sohom1ghosh@gmail.com | 🏠 sohomghosh.github.io | 📄 sohmghosh | 🌐 sohomghosh | 🎓 Google-Scholar

## Summary

- **Data Scientist (Individual Contributor)** responsible for improving digital lives and financial well-being of millions of users
- Projects: **19 (delivered)** and **8 (in production)**; Completed **11 MOOCs/Certifications**; Received **8 Awards**
- Research Interests: **Industrial Applications of Machine Learning, Deep Learning & Natural Language Processing**
- Co-authored **2 books**, Published **30 research papers**, Filed **2 US patents**, Received **120 citations** [Google Scholar]  
(Venues: TheWebConf (WWW), COLING, LREC, IEEE Big Data, CODS-COMAD etc.)

## Work Experience

### Fidelity Investments

Bengaluru, India

SENIOR ANALYST → DATA SCIENTIST → SENIOR DATA SCIENTIST

Jun. 2019 - Present

- Experimented with Large Language Models (**T5, Falcon, MPT, Open-Laama**). Created **Bi-LSTM, T5, & BART** based models for **summarizing** & extracting multiple themes from call transcripts. Used **Agglomerative Hierarchical Clustering** recursively to group similar themes. Designed the annotation job using **Appen** and administered a team of **98 annotators**. **Applications:** i) Automated short note generation for calls, ii) Comprehending reasons behind high call volumes, iii) Featurization of textual interaction data. **Impact:** i) Issues related to login were identified & resolved leading to **10% increase** in customer satisfaction score ii) Workflow for different processes were updated leading to **increase** in Net Promoter Score and Customer Ease Score by **18 points & 27%** respectively iii) Competent solution to address the student debt crisis was created which lead to **60% increase** in enrollment, **59K** yearly payments & **\$200M+** being paid to the participants [paper] [link]
- **Trend analysis & categorization** of **3 million** search queries of investors for prioritizing **content creation** [paper] (One of the three nominations sent by Fidelity Investments for Gartner Eye on Innovation Awards for Financial Services)
- Developed a **RoBERTa** based **direct answer** algorithm to enhance search experience of users. [paper]
- Built a **Light-GBM** based model from users' profiles & web-activities to predict if equity sell-offs
- **Tools:** Python, PyTorch, Amazon Web Services (AWS), Snowflake, SQL, MS Office, Git & Jira
- **Awards:** 6; **Models in production:** 4; **Keywords:** Large Language Models, Summarization, Question Answering, Clustering, Prediction

### Times Internet

Noida, India

DATA SCIENTIST

Jan. 2017 - Jun. 2019

- Developed a **Word2Vec** based **skill recommendation system** for TimesJobs
- Built a **XG-Boost** based predictive model using **PySpark** to target emails & deployed it on **Hadoop** cluster thereby increasing the open rate
- Presented **insights** for impacting business decisions by analyzing interest graphs & behaviours of 450+ million monthly visitors across 39+ digital products (Gaana, Times of India, Economic Times, MX Player, CricBuzz etc.)
- Other projects: **Sales Analytics** (Upsell, Cross-sell, **XG-Boost** based Churn Model development), **Digital Product Analytics**, **B2B Cross-walk Analytics**, **Fraud Analytics** in affiliate marketing (saved **\$17,000**), Career Graph, Data Engineering
- **Models in production:** 3; Pursued **work integrated M.Tech**

### Fn MathLogic

Gurugram, India

ANALYST

Jul 2016 - Jan 2017

### Selected Personal Projects

More projects in [GitHub](#).

- **Crowd Reaction Analysis** using **Generative Large Language Models** [submitted, under review]
- **Hypernym Detection** in Financial Texts [paper]
- **Improved Investing:** Evaluating social media posts by Executives [paper], Assessing profitability from social media posts [paper], Claim & Exaggerated Numeral Detection ([paper], [pre-print], [demo]), Argument Analysis [paper]
- Financial **Readability Assessment** Dataset & **Text Simplification** [code, data] [paper] [demo]
- Financial Language **Understandability Enhancement** Toolkit [paper][demo]
- Financial Natural Language Processing for **Indian Languages** [code, demo] [data] [paper] [ongoing]

## Technical Skills

- Tools & Technologies: **Python, SQL & Cloud (AWS)**
- Libraries & Frameworks: **PyTorch, Scikit-learn, Pandas, Numpy, XG-Boost, LightGBM, NLTK, SpaCy, Gradio, Spark, Hadoop, Transformers**
- Algorithms & Concepts: **Regression (Linear/Logistic), Decision Trees, Random Forest, Gradient Boosting Machine, XGBoost, Clustering, PCA, Neural Networks, Deep Learning, Large Language Models, Prompt Engineering**
- Others: **LaTeX, MS Office (Word, Excel, PowerPoint), Confluence, Git, Jira, Kanban, Mural**
- Expertise: **Natural Language Processing / Understanding / Generation**
- Domains: **FinTech (Financial Services + Technology), Consumer Internet based Products & Customer Analytics**

# Education

## Jadavpur University

Kolkata, India

PhD [pursuing part-time] IN **ENGINEERING** (TOPIC: **FINANCIAL NATURAL LANGUAGE PROCESSING**)

## BITS, Pilani (WILP)

Pilani, India

M.Tech IN **SOFTWARE SYSTEMS** (SPECIALIZATION: **DATA ANALYTICS**)

## Heritage Institute of Technology (Maulana Abul Kalam Azad University of Technology)

Kolkata, India

B.Tech IN **COMPUTER SCIENCE & ENGINEERING**

# Selected Publications, Achievements, Extracurricular Activities

## NOTABLE PUBLICATIONS

† means co-first authors

## ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

- Awards: **CODS-COMAD**- Travel Grant [2024], YRS Honourable Mention [2023], **Fidelity Investments**- Eureka Innovation Enablers [2023], **On the Spot** [2023], **Excellence in Action** (2X) & **You've Earned It** (2X Individual, 2X Team), **Shout Out** [2020, 2021, 2023], **Patent Filing Award** [2021]; **Times Internet** (TBS)- **Rock Star Award** [2018]
- Hackathons: **Kaggle**: 3 Bronze, **TechGig**: CodeGladiators-2018 Finalists, **Analytics Vidhya**: 4 times in top 25
- Courses: **Technical** - Natural Language Processing Specialization (Score>90%), Neural Networks and Deep Learning, Improving Deep Neural Networks: Hyperparameter Tuning, Regularization and Optimization (Score>90%), Prompt Engineering, Large Language Models, Cloud - AWS, Machine Learning Engineering, Computer Vision, etc.; **Soft skills** - Learnship Business English Level 10, Creating Effective Presentations, Creative Thinking; **Research** - Introduction to Research, NPTEL, Score: 87%, Rank: Top 1% (Elite + Silver) (Jan 2021) [\[link\]](#), **Domain** - Mutual Funds, Stocks etc.
- **Extracurricular Activities**: Playing **Harmonica**, Completed 10 **Treks** & received IndiaHikes Green Getter Award
